

Cupori 120 (Chrome)

Cupori 120 (Chrome) is a chrome plated copper tube for visible surface installations both in new buildings and plumbing renovations. A pre-chromed surface lessens work at the construction site, guarantees a smart finish and is easy to keep clean. Chromed copper tube from Cupori is easy to bend. The tube can be soldered or connected with capillary fittings or with press and compression fittings requiring no hot work.

Applications
